## Wave Discipline

### ELIMINATION PROCEDURE AND SCORING

#### 1. Seeding Round.

1. On the single 32, 16 or 8 ladder, there will be a "Seeding Round" in "Round 1" to determinate the seeding position for the Main Event. (Round 2 onwards).
2. On the Seeding Round, every competitor from the round will be competing each other and they will be seeded in Round 2 from their highest score to their lowest.
3. To protect the spot of the ranked competitors, in the single 32 ladder there will be two groups of pre-seeded competitors on this order; From 1st-16th and 17th-32nd. In the single of 16 and 8 there will be only one single group for the entire round.

#### Elimination procedure

The Elimination procedure shall be:

- (i) Competitors' names shall be entered on the appropriate elimination ladder according to the event

seeding and the heat distribution table below.

(ii) Competitors with no ranking will be distributed in the WWT ladder according to the name drawing that shall be done by the Race Director at the first day mandatory meeting for all competitors before the competition starts.

(iii) "Byes," if any, shall be positioned so that they are allocated to the most highly ranked competitors.

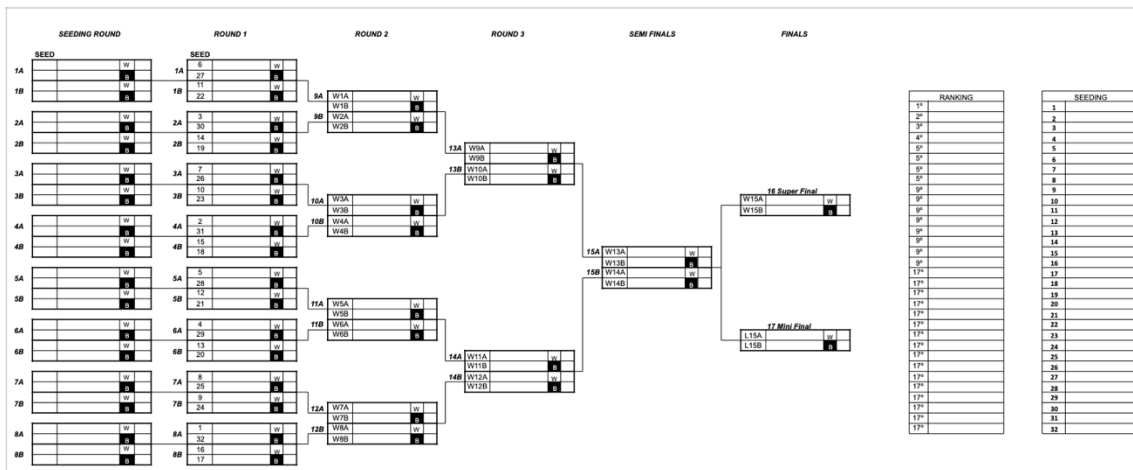

(iv) Competitors shall ride one against one. If there are enough of judges on the panel, it will be possible to run two heats on the water simultaneously. (Split panel).

(v) The declared winners shall advance on the elimination ladder. Once a round is started, the format shall stay the same until that round is completed.

**Elimination Ladders – Surf Freestyle & Wave**

The elimination ladder used for the WWT Surf-Freestyle & Wave events shall be a single elimination with an additional seeding round to begin.

- WWT 32 Riders Elimination:

**WAVES JUDGING RULES**

Waves

discipline

The Wingfoil Waves discipline is based on the performance of riding in waves and swell. Waves selection, power, variety, and flow are just some of the judge criteria considered in waves. Using the power of the wing is allowed when surfing, except for air tricks, during which only one hand is allowed to grab from the leading-edge handle.

**1. General Judging Rules**

1. Selection of judges

(i) Only the WWT Sports Commission can make appointments and substitutions for an event.

(ii) An attempt shall be made to ensure that no judge has a vested interest. There should not be family tie with a competitor.

## 1. Individual Scoring procedure

1. Judging Criteria are applied to score individual waves.
2. The number of waves counted for the final score will be announced by the head judge. A notice must be made on the Official Notice Board 30 minutes before the heat starts.
3. The maximum of attempts per waves be up to the Head Judge. A notice must be made on the Official Notice Board 30 minutes before the heat starts.
4. One or two panels of judges, each panel comprising an odd number of judges, no less than three (3) in number, shall score each heat. When there are five (5) judges, the highest and the lowest scores per wave or scoring category will be withdrawn and the average scores of the other three (3) judges will be counted as the final wave or category score.
5. If a judge misses a wave they should place an "M" and that score will be given points equal to the average to the nearest thousandth of a point (0.005 to be rounded upward) of the other judges' scores.
6. The judges shall award each competitor's wave or judging category points on a scale from 0.1 to 10.0, broken into one- hundredths increments (e.g 6.444).
7. Each individual score is rounded to the nearest hundredths place. The rounded scores are added to calculate the final score.
8. The scores of the respective competitors shall be tabulated together to determine the winner: highest points wins.
9. The weight given to waves will be announced by the Head Judge and in the Official Notice Board at least thirty (30) minutes before the start of the heat.
10. The weight given to waves will be announced by the Head Judge and in the Official Notice Board at least thirty (30) minutes before the start of the heat.
11. If a competitor lands the trick on a wave wet and doesn't lose the board, the judges will still give some credit to the trick. It's at the discretion of each judge to consider if it's a crash or a wave attempt land to consider how much credit they will give to the wave, based on the judge criteria.

## 2. Other judging rules

1. A flag out system may be used to eliminate the competitor with the lowest scores and continue the heat keeping the current heat scores from the remaining competitors on the heat. In case of tie, it will be broken in favour of the competitor with the highest single score. If a tie remains between two or more competitors, each competitor's individual scores shall be listed in order

of best to worst, even if some of them are excluded scores, and at the first point where there is a difference the tie shall be broken in favour of the competitor with the best individual score.

2. The judging marks and scores of each individual judge shall be shown only to competitors in that heat, on their request.
3. Competitors are not allowed to stay in the judge's tower. If a competitor wants to check his judging marks and scores, he shall ask for consent from the Head Judge to enter the judge's tower.
4. The scores and the decisions of the judges shall not be appealed.
5. The Head Judge must be sure that the judges do not discuss scores.
6. Judges may not change their scores. If there are any mistakes the judge should have the Head Judge make the correction for them. The head judge has the last word.
7. The Head Judge may re-run a heat if there is strong evidence that there is a major discrepancy in the judging scores from each individual judge, or that all judges missed a wave or a manoeuvre in a wave that had a scoring potential that may change the final result. If it is possible, the decision to re-run shall be made before announcing a winner of the heat in question.

### **3. Ties in the individual scoring format**

1. In case of tie in the individual score format, it will be broken in favour of the competitor with the highest single wave score. If a tie remains between two or more competitors, each competitor's individual scores included in the total score only, shall be listed in order of best to worst, and at the first point where there is a difference the tie shall be broken in favour of the competitor with the best individual score. If a tie remains between two or more competitors, each competitor's individual waves scores shall be listed in order of best to worst, and at the first point where there is a difference the tie shall be broken in favour of the competitor with the best individual score.

### **4. Ties in the Overall Impression format**

1. In case of tie, it will be broken in favour of the competitor with the highest Technical Difficulty score. If a tie remains between two or more competitors, each competitor's individual scores shall be listed in order of best to worst, even if some of them are excluded scores, and at the first point where there is a difference the tie shall be broken in favour of the competitor with the best individual score.

## **1. RIGHT OF WAY RULES IN THE WAVES**

### **1. Wave Priority with Side-Shore conditions**

1. With side-shore winds and only one available direction on any given wave, the heat priority works in the following manner:
2. the competitor who has first turned on a swell shall have unconditional priority over the other competitors for the entire duration of that wave.
3. If two or more competitors turn at the same time, with no clear interpretation of which competitor turned first, then the competitor windward has right of way for the entire duration of that wave.
4. Video evidence shall be used to prove that one rider has turned on a swell before the other.
5. Waves Priority with On-shore conditions  
With on-shore winds and multiple random peaks wave possession may vary slightly according to the nature of an individual wave.
6. There will be cases where one swell will have two separate, defined peaks far apart that eventually meet at some point. The competitor who makes the first turn shall be deemed to have wave possession and the second competitor must give way by turning or kicking out before hindering the right of way rider.
7. If two competitors turn at the same time on two separate peaks that eventually meet, then:
  - (i) If they both give way by turning or kicking out, so that neither is hindered, there will be no penalty.
  - (ii) If they collide or hinder one another, a competitor will be penalized by the judges if either or both indicate aggression at the point of hindrance.
  - (iii) If neither competitor gives way by exiting the ride and both share responsibility for the confrontation, then a double interference will be called. Both competitors will score a zero for that wave, and each of their best scoring waves are halved.

**1. Waves Priority with On-shore conditions**

1. There will be cases where one swell will have two separate, defined peaks far apart that eventually meet at some point. (iii) If neither competitor gives way by exiting the ride and both share responsibility for the confrontation, then a double interference will be called. Both competitors will score a zero for that wave, and each of their best scoring waves are halved.

## 32. INTERFERENCE IN THE WAVE

### 1. Rules for waves

1. a competitor deemed to have possession of a wave has unconditional right of way for the entire duration of that ride. This rule prevails in case of conflict with other(s) 19.1 right of way rule(s).
2. any one who stands up in front of a competitor with right of way has the chance to ride or kick out of the wave without being called interference, unless they hinder the scoring potential of the competitor with right of way by any means. These include excessive hassling, including with their wing from behind, or breaking down a section.
3. if a second competitor surfs another section of the same wave, upwind or downwind, but has not hindered the original competitor with right of way by taking the same wave then the judges may choose not to penalise them even though they don't have right of way, and will score both competitor's surfs. if in the opinion of the judges, the second competitor has interfered with the original competitor with right of way, by causing them to pull out or lose the wave, then interference may be called on the second competitor, even though they were on another section upwind or downwind of the first when the interference was called.
4. if a competitor with right of way misses or falls off their wave, they shall keep clear of the following wave if another competitor has possession on that wave, if reasonably possible. If a competitor cannot complete their wave due to another competitor being capsized in the wave, causing possible loss of scoring potential, the affected competitor's heat may be re-run and an interference may be called. The Head Judge and Race Director will decide whether it is an interference and whether the heat will be re-run from the beginning, from the moment of the interference, or if extra time will be added if there is a re-run.
5. If a competitor who remains in the water after their maximum number of waves will be penalised for interference if they ride any extra wave that obviously deprives another competitor of a potential wave.

### 4. Interference penalty procedure for Overall impression scoring

1. If an interference penalty is called on a competitor, then the competitor's final score will be penalised with a loss of 50% of their "Technical Difficulty" scoring. If a competitor incurs a second interference penalty during the heat, they must immediately leave the competition area and won't be scored from that point, losing 100% of their "Technical Difficulty" scoring

2. With two heats on the water simultaneously, if there is an interference between two riders of different heats, the heat will be stopped and may be re-started. Interference penalty may be called and the Race Director will decide whether it will be a re-run from the beginning, from the moment of the interference, or with additional time.

#### 5. Interference penalty procedure for individual scoring

1. If an interference penalty is called on a competitor, then the competitor's final score will be penalised with a loss of 50% of their second best wave or trick score.  
If a competitor incurs a second interference penalty during the heat, he must immediately leave the competition area and won't be scored from that point, losing 100% of their second best wave or trick score.
2. Same rule applied as 25.2.2.

#### JUDGING CRITERIA.

##### 1. Judging criteria for the waves

Judging Criteria are applied to score individual waves ridden. Each judge analyses the following major elements when scoring a wave :

- (i) Degree of difficulty of the manoeuvres performed.
- (ii) Commitment in the manoeuvres performed and the risk taken to perform them.
- (iii) Variety and combination of manoeuvres within the same wave.
- (iv) Speed and power.
- (v) Flow and linking of manoeuvres.
- (vi) Size of the waves ridden, directly linked to the degree of difficulty of manoeuvres performed in each wave.
- (vii) Innovative and progressive manoeuvres. It's important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes of conditions during the day.

Competitors must combine the major key elements in order to be awarded scores in the excellent range

- (viii) The following scale may be used to describe a wave ridden that is scored:

0 – 1.9 = Poor;  
2.0 – 3.9 = Fair;  
4.0 – 5.9 = Average; 6.0 – 7.9 = Good;  
8.0 – 10.0 = Excellent

## **Rulebook**

The “GWA Wingfoil World Tour Rulebook 2023” will soon be available for download on the official GWA Wingfoil World Tour website.

## **Covid-19 Pandemic Disclaimer**

Every competitor must be aware of the Covid-19 pandemic situation and its changing restrictions and regulations on travel protocols and event regulations. In case the event will be cancelled because of reasons not under the responsibility of the GWA, the GKA Event GmbH and/or the Organizer, neither the GWA, nor the GKA Event GmbH, nor the Organizer can be hold legally responsible for any financial losses.

The rider is aware about the global Covid-19 pandemic, which might cause travel restrictions, the changing of laws and custom-procedures worldwide on very short notice.
